I finally had a chance to review the document. I concur with Craig's comments and Marty's comments. I added just a few. Thanks!

I really think Craig's comments are pretty spot on. I have added a few of my own comments in the attachment.

I still do not understand (b) (5) (DP)

OSCs,

At long last, I believe I finally have a working draft of a Program-level QAPP that is worth your review. There are still areas where I need to add information/detail (b) (5) (DP)

however, I would welcome comments on any part of the document. I do think that (b) (5) (DP)

If you are able to provide comments, please send me a citation for any documents that you based your comments upon.

I hope to revise the narrative QAPP by the end of next week and send it to Linda Himmelbauer ASAP thereafter so would appreciate your comments by **COB on Wednesday 11/19/14**. Thank you, lw
